

Practicalities during WASZP Open Nordic Championship / EuroCup

Very welcome to Lomma, Lomma bay and Lomma Bay sailing Club – LBS.

We're honoured to have you racing in Lomma Bay for the Waszp open Nordic Championship / EuroCup 7-9 august 2026.

Below are some practicalities for the days in Lomma.

Club house

Centre of the venue will be LBS club house, see map **position 1**.

Race office, jury and hearing rooms, locker rooms, toilets etc. are located here.

Car parking

Cars can be parked in the harbor for an hourly fee. A ten-hour parking is approx. 8€.

Parking is administrated with parking apps. In summer periods and weekends, the parking is crowded so come early to get a spot. Some parking spaces in the harbour are free, but parking is restricted to 2 hours only.

Free parking space is located 800 meter walk from the harbor, see map **position 2**.

Trailer parking

During the regatta trailers can be parked in a designated area, see map **position 3**.

Rib launch

For launching of rib boats use ONLY launching ramp **position 4**. Payment and opening of the boom is made at site with a QR code. Do NOT use the same launching ramp as where the waszp boats are being launched.

Wasp launch

For launching of waszp boats use only launching ramp **position 5**. Launching ramp position 4 is not suitable for waszp boat launch.

Wasp land boat berths

The waszp boats have a designated berth area on the grass area in front of LBS club house, **position 6**. No boat country zones are applied for this regatta. Electric and water outlets are located closely.

WhatsApp group

A WhatsApp group is created for communication with sailors and support persons regarding all matters that will occur. It's a one-way communication so sailors and support persons can't reply back on messages. Use below QR code to join the group.
