

29er eurocup GKSS, 2022

Notice to Competitors #4

2022-05-08; 08:00

Dear Sailors

Thank you for yesterday, it was a pleasure being on the committee boat. We did our best to get the courses to the target time, using every inch of water.

For Sunday we will have a bit less wind according to the forecast NE (5m/s). Our intention is to keep the same strategy as Saturday.

- U flag for the starts,
- 3 laps if needed, (look for flag 3)
- Continue in a high tempo with only a bit longer break between race 3 and 4.
- Look at the chart- we have 2 marks with obstacles that might come into play
- VHF Channel 72 for information.

To all support boats: You are free to make announcements to RC if you spot large vessels approaching and there is a risk that we have missed them!

See you on the water, keep up the fair sailing!
