 - (a) Minor adjustments can be made by changing the position of the next mark or gate before the first boat has rounded the previous mark, adjustments will be made without signalling.
 - (b) Other adjustments will be made by placing the replacement mark before the first boat has rounded the previous mark and signalling all boats before they begin the leg. If a further adjustment is made and a new replacement mark is placed this mark will be the original bouy.
 Signal flag C together with repetitive sounds is a sufficient signal when changing position of the new mark. This changes RRS 33.
